# Distribution lists

### Use of e-mail distribution lists on sympa.jade-hs.de

University members and staff of the Jade University can send e-mails to various user groups via e-mail distribution lists. An overview and more details about the lists can be found on the Sympa server: https://sympa.jade-hs.de.

Please use the email distribution lists **exclusively for messages directly related to studies, teaching, or campus life** and select the most appropriate list. We reserve the right to decline certain mailings.

The most important publicly available distribution lists are:
